Comprehensive & Inspiring Seminar Content

This full, comprehensive & inspiring advanced seminar for practitioners, researchers & Iridology Instructors. It is in-depth and will feature all the latest accurate modern Iridology research & clinical applications.

Seminar is Certificated & All Receive a CD

When John Andrews teaches Seminars he ensures that every participant receives a PowerPoint or PDF copy on CD of everything covered during the seminar - so what you receive is two days worth of intensive material spanning up to 600 slides packed full of new, groundbreaking & practical information, lavishly illustrated with the highest, highest resolution iris & IPB imaging available today.

It is John's intention that you leave any of his seminars fully informed, inspired, empowered and with an endless reference source to help expand your knowledge-base, confidence, professionalism & accuracy within your Iridology analysis, practice and tuition.

John is acknowledged as having the ability to convey and present information in a very holistic, digestible and understandable manner, which is always delivered with clarity, enthusiasm and a passion for the subject

From the modern iridology perspective we will explore a cross-section of the dynamics of the main ciliary iris signs, the Collarette (ANW), pupillary zone, the Pupil & Inner Pupillary Border (IPB).

Subjects covered:

How to organize and fine tune your Iridology Examination

Prioritize and clarify the most important sign or collection of signs

How to identify the paternal & maternal genetic medical history of certain iris signs

Iris Epigenetics & Epigenetics

Modern View on:

The Pupil

**Lacunae Priority
Pigment Priority**

Transversals

Vascularizations

Mammilations & Lisch Nodules

Treatment Protocols for Signs

Extracellular Matrix, & the Iris

Scientific Explanation of De-toxification Pathways

Appropriate Types of Functional & Visual Tests with Certain Signs

The Significance of the Axis in the Iris

New View on Constitutions

Topography Questions Answered

Modern Iris Profiles in many frequent clinical conditions

Emotional Approaches in Iridology

Collarette Integrity

Nutritional Signs & the Iris

Adaptogen Profiles & the Iris

Bring Your Laptop

If you bring your laptop computer you can follow the presentations during the seminar - so you can add notes and additions in real time

CDs are compatible for both Apple & PC laptops with Adobe & PowerPoint Software or Keynote

About John Andrews

IIPA Iridologist of the Year 2007

John Andrews is the author of six text books and the co-author of one book covering Iridology. His work has been critically-acclaimed internationally. He is actively involved in several iridology research initiatives in the UK and across the world. His innovative and scientific contribution to the advancement of Iridology was internationally recognized in Sao Paulo in Brazil in 2004 with the presentation of the *Ignatz Von Peczely Award*.

John lectures on four continents and trains Iridologist throughout the world, his work has reached over 50 countries.. In addition to this John is the Editor of the *Advanced Iridology Research Journal* and author of over 20 research papers in Iridology in addition to 18 instructional CD-ROMs. He is in practice in East Yorkshire, UK, combining the latest technology in Iridology with herbal medicine and other natural health approaches. John Andrews trains students in both basic & advanced iridology - his course is recognized as one of the most comprehensive timetables of study available in the world today

From a previous seminar attendee:

"I attended your Seminar in Las Vegas last month. I wanted to start by saying how so incredible it was to be in your presence and learn from you. The way you present your research, knowledge and information is spellbinding... and so appreciated... wow, what a privilege, I enjoyed your class immensely. Thank you so, so much"
